

Overview vacuum lifter for window production

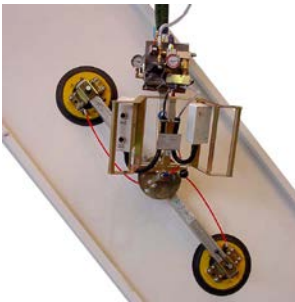

The vacuum lifter 7005-MD1/E – MonoPort

1 circuits vacuum lifter
Load capacity : max. 150 kg in-company
Manual turning through max. +/- 360°

video device in use

The vacuum lifter 7005-AD/E

1 circuits vacuum lifter
Load capacity : max. 250 kg in-company
Manual turning through max. +/- 360°

video device in use

The vacuum lifter 7005-D43 SO04/E

1 circuits vacuum lifter
Load capacity : max. 400 kg in-company
Manual turning through max. +/- 360°

photos device in use

The vacuum lifter 7005-ADrk4/E

1 circuits vacuum lifter
Load capacity : max. 400 kg in-company
Manual turning through max. +/- 360°

video device in use

The vacuum lifter 7025-MD4-2/E

1 circuits vacuum lifter
Load capacity : max. 250 kg in-company
Pneumatic turning through max. 90°

video device in use

The vacuum lifter 7025-MD4/E

1 circuits vacuum lifter
Load capacity : max. 400 kg in-company
Pneumatic turning through max. 90°

The vacuum lifter 7025-MD10/E

1 circuits vacuum lifter
Load capacity : max. 240 kg in-company
Pneumatic turning through max. 90°

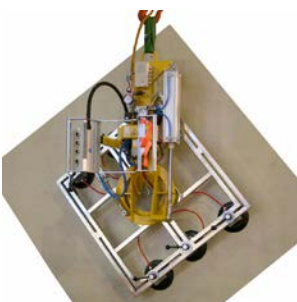

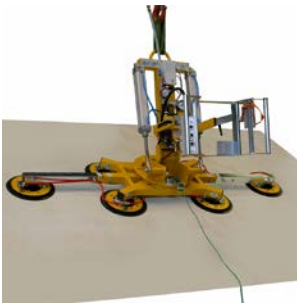

The vacuum lifter 7025-MDmS4-2/E

1 circuits vacuum lifter
Load capacity : max. 250 kg in-company
Manual turning through max. +/-360°
Pneumatic tilting through max. 90°

photos device in use

Overview vacuum lifter for window production

The vacuum lifter 7025-MDmS4/E

1 circuits vacuum lifter
Load capacity : max. 400 kg in-company
Manual turning through max. +/-360°
Pneumatic tilting through max. 90°

The vacuum lifter 7025-MDS4-2/E

1 circuits vacuum lifter
Load capacity : max. 250 kg in-company
Pneumatic turning through max. 90°
Pneumatic tilting through max. 90°

The vacuum lifter 7025-MDS4/E

1 circuits vacuum lifter
Load capacity : max. 400 kg in-company
Pneumatic turning through max. 90°
Pneumatic tilting through max. 90°

commissioning

photos device in use

The vacuum lifter 7025-MDS SO04/E

1 circuits vacuum lifter
Load capacity : max. 400 kg in-company
Pneumatic turning through max. 90°
Pneumatic tilting through max. 90°

photos device in use

The vacuum lifter 7025-MDS8/E

1 circuits vacuum lifter
Load capacity : max. 400 kg in-company
Pneumatic turning through max. 90°
Pneumatic tilting through max. 90°

The vacuum lifter 7005-BF-2013/E

1 circuits vacuum lifter
Load capacity : max. 250 kg in-company

load test

The vacuum lifter 7001-AD/E

1 circuits vacuum lifter
Load capacity : max. 250 kg in-company
Manual turning through max. +/- 360°

The vacuum lifter 7001-D33

1 circuits vacuum lifter
Load capacity : max. 300 kg in-company
Manual turning through max. +/- 360°

The vacuum lifter 7001-D43 SO04

1 circuits vacuum lifter
Load capacity : max. 400 kg in-company
Manual turning through max. +/- 360°
