Assembly Lift 7003-4500TS

Assembly Lift
for glazing work with a vacuum lifting device

Description

- movable manually via guide rolls
- elecrically height adjusatble,
  manually via hand crank or cordless screwdriver
- dismountable for transport
- laterally tiltable supporting device

maximum hook height: **4,5 M**
Safe Working Load: **280 kg**

e. g. combinable with
Accu-Device Kombi 7211-D250
Accu-Device Kombi 7211-DS250

working height	
minimum approx. mm	800
maximum approx. mm	4450
needed working area	
width approx. mm	1160
depth approx. mm	1700
Total height (retracted) approx. mm	1810
Weight of assembly lift approx. kg	140
Item No.:	7003-4500TS
